

# Core Talking Points

1. Every Member matters
  - a. Our joint effort to support the Coast Guard and the country counts on every member of the Auxiliary, even one members loss IS an issue
  - b. We can take great pride in being a National volunteer organization that will have EVERY member security cleared.
  - c. You may not be needed now or the task you like to do (example VE) may not appear to require security clearance BUT when the next 9/11 or Katrina occurs we want to be able to provide as much assistance as possible – we need every member!
  - d. By continuing to be a member you support the Auxiliary, the Coast Guard, and offer valued assistance to our country.
  
2. What you can do
  - a. Call each member that has not yet filled out the PSI paperwork, get the FC to call, ask fellow member to call
  - b. Hold special meetings or set aside time at a regular monthly meeting to process PSI paperwork, have a fingerprint tech on hand.
  - c. In the 2007 Dues Notice mention how important our support for the Coast Guard, for Coast Guard missions such as RBS, and our support for the country is – make people feel wanted!
  
3. Process
  - a. 12/31/06 is the deadline – it will NOT be extended, if they do not have the PSI paperwork into their local DIRAUX by November 1, 2006 (so there is time for processing) they will be out of the Auxiliary, no longer able to wear the uniform, go on patrols, or receive any other benefit available to Auxiliary members
  - b. The OS PSI forms can be found at the Auxiliary Security Forms web site page at [http://forms.cgaux.org/security\\_forms.html](http://forms.cgaux.org/security_forms.html) where the OFI-86 SAC form, the SECCEN Verification of Citizenship form and the SF-85 Authorization for Release of Information form are linked in the same file. This means that information filled in on one form will automatically be filled in on other forms. Just add the fingerprint forms and the member is all set to send in to their Director.
  - c. Each member must submit the following:
    - i. Finger print cards (2)
    - ii. SF-85 Authorization for Release of Information
    - iii. Verification of Citizenship
    - iv. Form OFI-86C
